Assessment Information

All learning areas namely Maths, Home Language and Life Skills are assessed every Friday. All grades from Pre-Grade R – Grade 3 do this weekly assessment. Grades 4 to 7 do their continuous assessment throughout the term.

These continuous weekly assessments are written on specially prepared assessment papers for the week's work and are all marked and recorded in the Assessment Record Book.

At the end of every term a formal assessment takes place in all the grades where the work for the term is assessed and also recorded in the Assessment Record Book. The weekly marks are combined with the term marks for the final mark on the report.

We compile report cards for every term which are handed out to parents during a parent evening after all assessments and reports are finalised.

Reading assessment also takes place weekly and spelling words are written every Friday from Grade 1 - Grade 7.

For grading we use the grading key prescribed by the department of Education for the Foundation Phase which is as follows:

- 1 -- Not achieved
- 2 - Elementary Achievement
- 3 - Moderate Achievement
- 4 - Adequate Achievement
- 5 – Substantial Achievement
- 6 – Meritorious Achievement
- 7 – Outstanding Achievement
